

Complications - State

State	Measure Name
AK	Rate of complications for hip/knee replacement patients
AK	Serious blood clots after surgery
AK	A wound that splits open after surgery on the abdomen or pelvis
AK	Accidental cuts and tears from medical treatment
AK	Deaths among Patients with Serious Treatable Complications after Surgery
AK	Collapsed lung due to medical treatment
AK	Serious complications
AL	Rate of complications for hip/knee replacement patients
AL	Serious blood clots after surgery
AL	A wound that splits open after surgery on the abdomen or pelvis
AL	Accidental cuts and tears from medical treatment
AL	Deaths among Patients with Serious Treatable Complications after Surgery
AL	Collapsed lung due to medical treatment
AL	Serious complications
AR	Rate of complications for hip/knee replacement patients
AR	Serious blood clots after surgery
